ABOUT DM AT UF

Dance Marathon at the University of Florida (DM at UF) is the most successful student-run philanthropy in the southeastern United States, and the second largest student-run philanthropy in the nation. Last year, DM at UF celebrated its 25th year with raising a historic \$3,230,025.23! DM at UF is one of the original five founding Dance Marathon programs in the nation and since our start, we have raised more than \$21 million for the kids at UF Health Shands Children's Hospital, our local Children's Miracle Network hospital. Everything we do is For The Kids!

DM at UF motivates students to advocate For The Kids throughout the entire year. Right when school starts in August, thousands of students begin raising funds and awareness for UF Health Shands Children's Hospital. Teams of students hold events and fundraisers, and proceeds go towards the total reveal held at our main event in March. This event, hosted at the Exactech Arena at the Stephen C. O'Connell Center, home to the Gator basketball team, brings over 800 students together to stand for those who can't. Students stand for 26.2 hours, the length of a marathon, to symbolize the struggles that children at UF Health Shands endure every day.

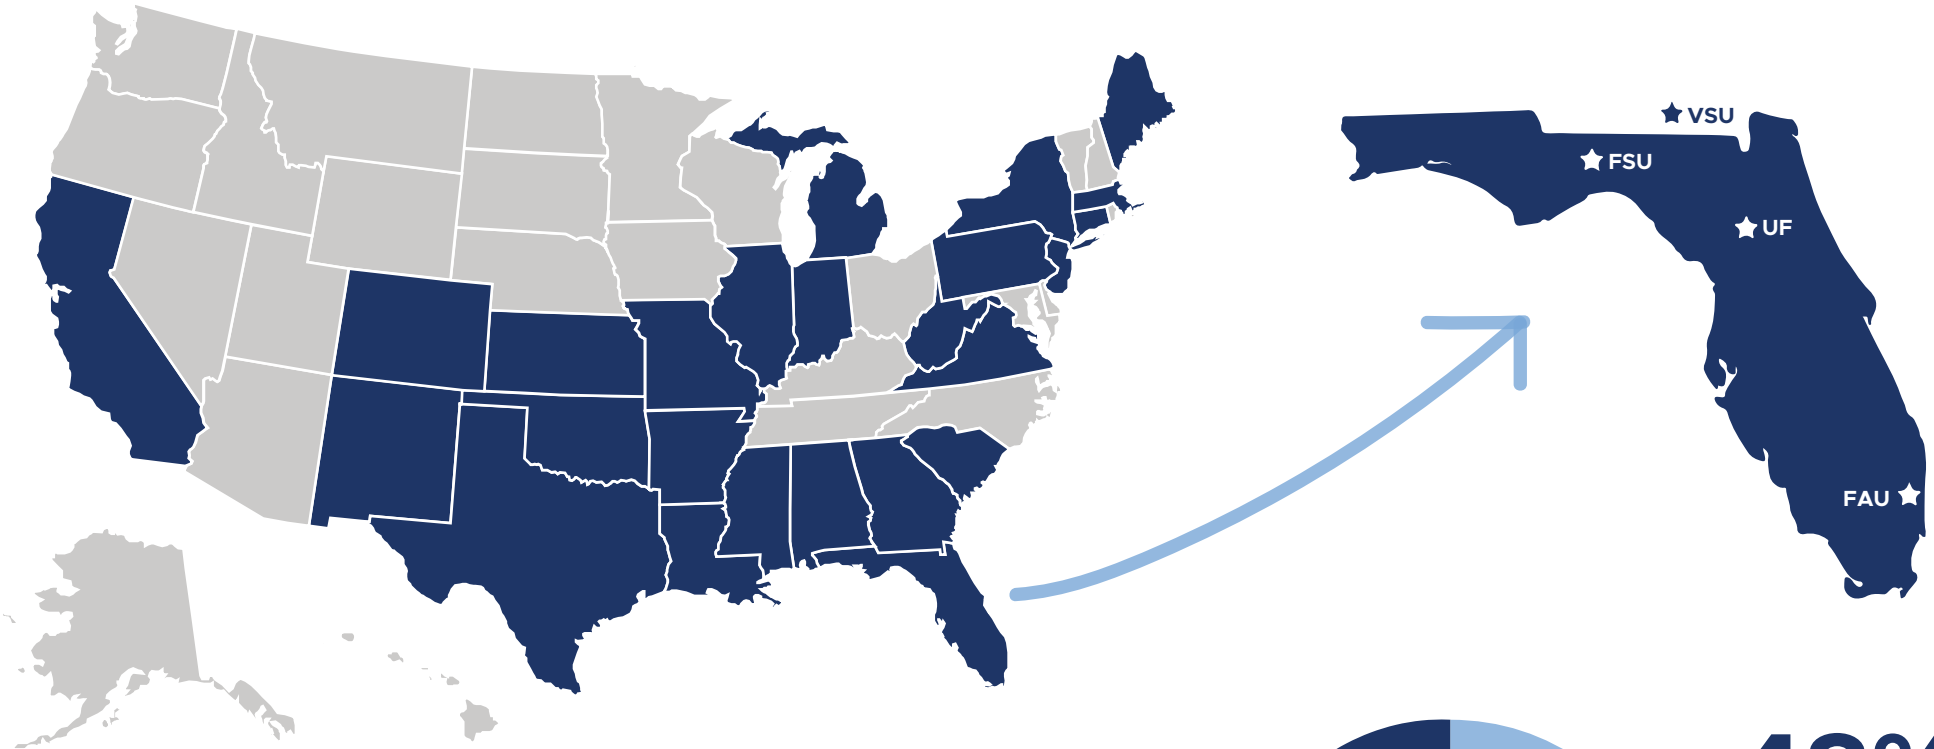

ABOUT CMN & UF HEALTH SHANDS CHILDREN'S HOSPITAL

UF Health Shands Children's Hospital at the University of Florida is the local Children's Miracle Network participating hospital for North Central Florida, South Georgia and West Palm Beach. Children's Miracle Network Hospitals is an international non-profit organization dedicated to raising funds and awareness for children's hospitals. CMN's founding pledge, to keep all donations in the area in which they were raised, remains at the core of its philosophy. Ranked one of the top 50 pediatric hospitals in the nation in seven specialties, UF Health Shands Children's Hospital and Children's Miracle Network Hospitals have created one of the greatest facilities of care for children and young adults.

Through this partnership with "Children's Miracle Network Hospitals at UF Health Shands Children's Hospital, Dance Marathon at UF is able to serve the children coming to the hospital for medical care. With all funds going directly back to UF Health Shands, DM at UF is able to make an incredible impact on the lives of children. Medical equipment is no small expense, and with the money raised by Dance Marathon at UF, UF Health Shands has been able to acquire these life-saving devices. Some of these items include new vital monitors, worth \$32,027 and a new portable DR (Digital Radiography) X-ray machine, worth \$103,000. Additionally, a brand new NICU was just renovated at UF Health Shands with the help of funds raised by Dance Marathon at UF.
